Hi June,

I believe the times you propose will work for all of us including Steve Linder. The time would be 11:00 am - 1:00 pm for those of us on Pacific time.

Also the time you propose for the Thursday 11/19 meeting, 10:30 am - 12:30 pm PST will work as well. I will send an invitation and provide a conference line for this meeting.

Thanks.

Bob

Hi Bob,

Thanks for the quick reply.

For the presentation, we were planning on the 9 to 11 agenda below, however believe Steve has a conflict. Pls let me know if you'd like me change the times or the agenda. Will need to confirm with the presenters.

Date:	17 Nov, Tuesday
9:00-9:45	Groundwater Model Presentation - Mr. Kolja Rotzollo
9:45-10:00	Questions
10:00-10:45	Contaminant Fate and Transport Model - Mr. Bob Whittier
10:45-11:00	Questions

For the 19 Nov, Thurs, Aaron asked us to reserve the date. 9:00 Pacific is a little early for many here, however if needed, we could accommodate. Can we suggest 10:30 to 12:30 Pacific instead? Thank you for offering this smaller mtg.

v/r,  
June

June,

That date and time works for me and I believe it would work for Don Bussey as well. I am copying the folks at DOH as well because they need to attend the webinar/discussion as well.

We should also meet that week to discuss the agendas for those portions of the SOW we are all working on during the week of November 30 (Sections 6, 7.1, 7.2, and 7.3). I would like to propose Thursday Nov 19 as the date, anytime between 9:00 am and 2:00 pm PST. I think we will need about 1 - 2 hours to go over the agenda topics. DOH and EPA are meeting earlier that week, most likely Monday Nov 16, to discuss what we think should be on the agenda. We will share our thoughts with you and your colleagues prior to the discussion on Thursday. Please let us know if this is doable.

Bob

Hi Bob and Steve,  
Actually, the GW Modeler just responded that he cannot make it on the 18th. May we pls schedule with you for the GW and Contaminant Fate & Transport Model on 17 Nov, Tues at 9:00 to 11:00 am Hawaii time?

Thank you,

June

Hi Bob and Steve,

I am trying to setup the presentation of our past modeling efforts with our past modelers for the week of 16 Nov. Would 17 or 18 Nov work for you all?

Also, after last week's mtg, I need to talk to Tom H. Can I call him?

Thank you,  
June
